

A red trapezoid character with a face, arms, and legs, appearing to peek from the left edge of the frame.

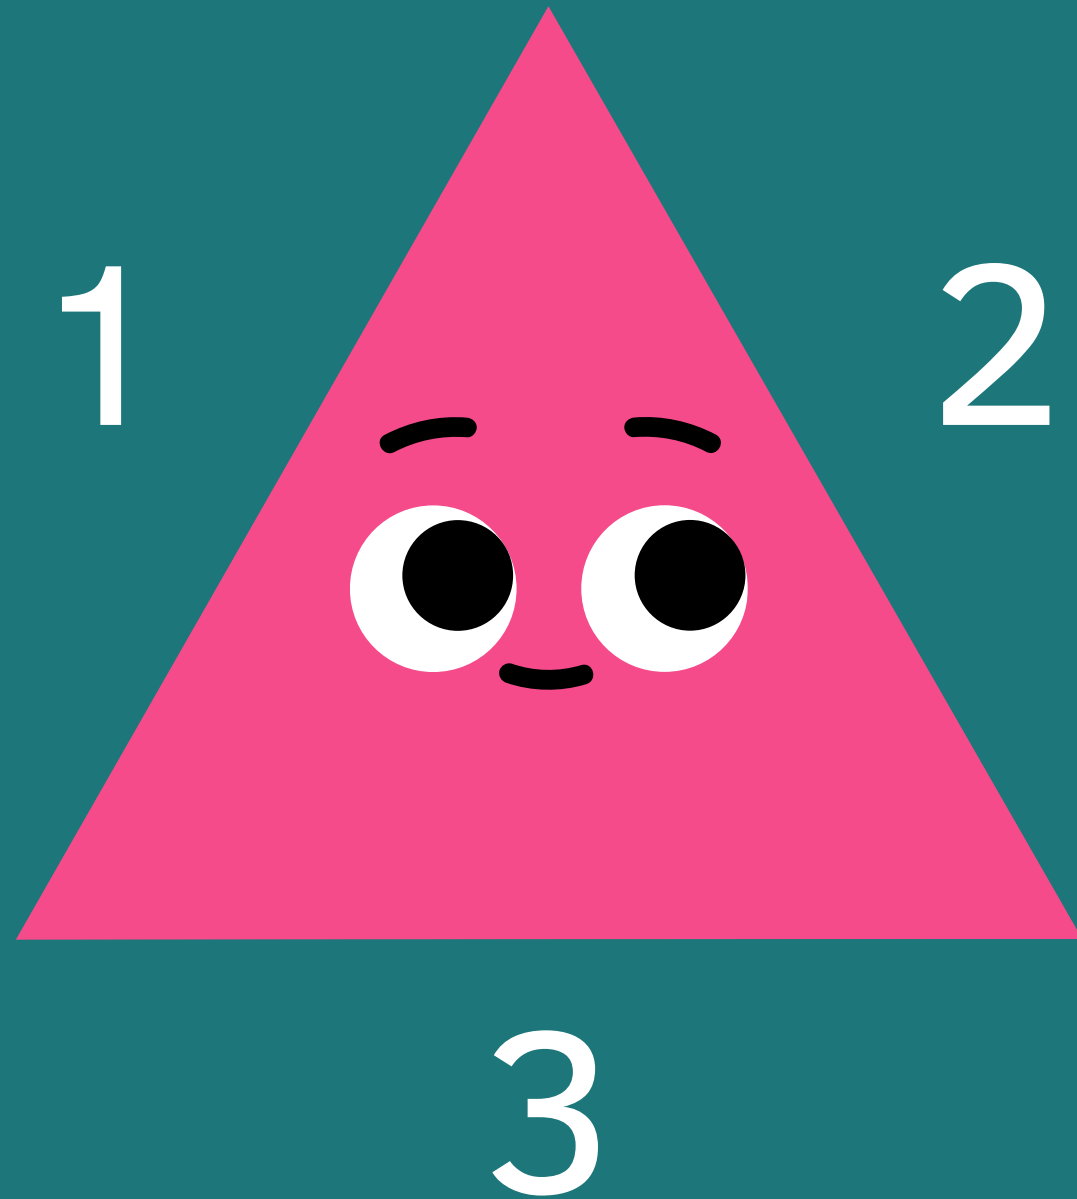

Meet the 2D SHAPES

and find them everywhere

This is the
triangle

It
has
three sides

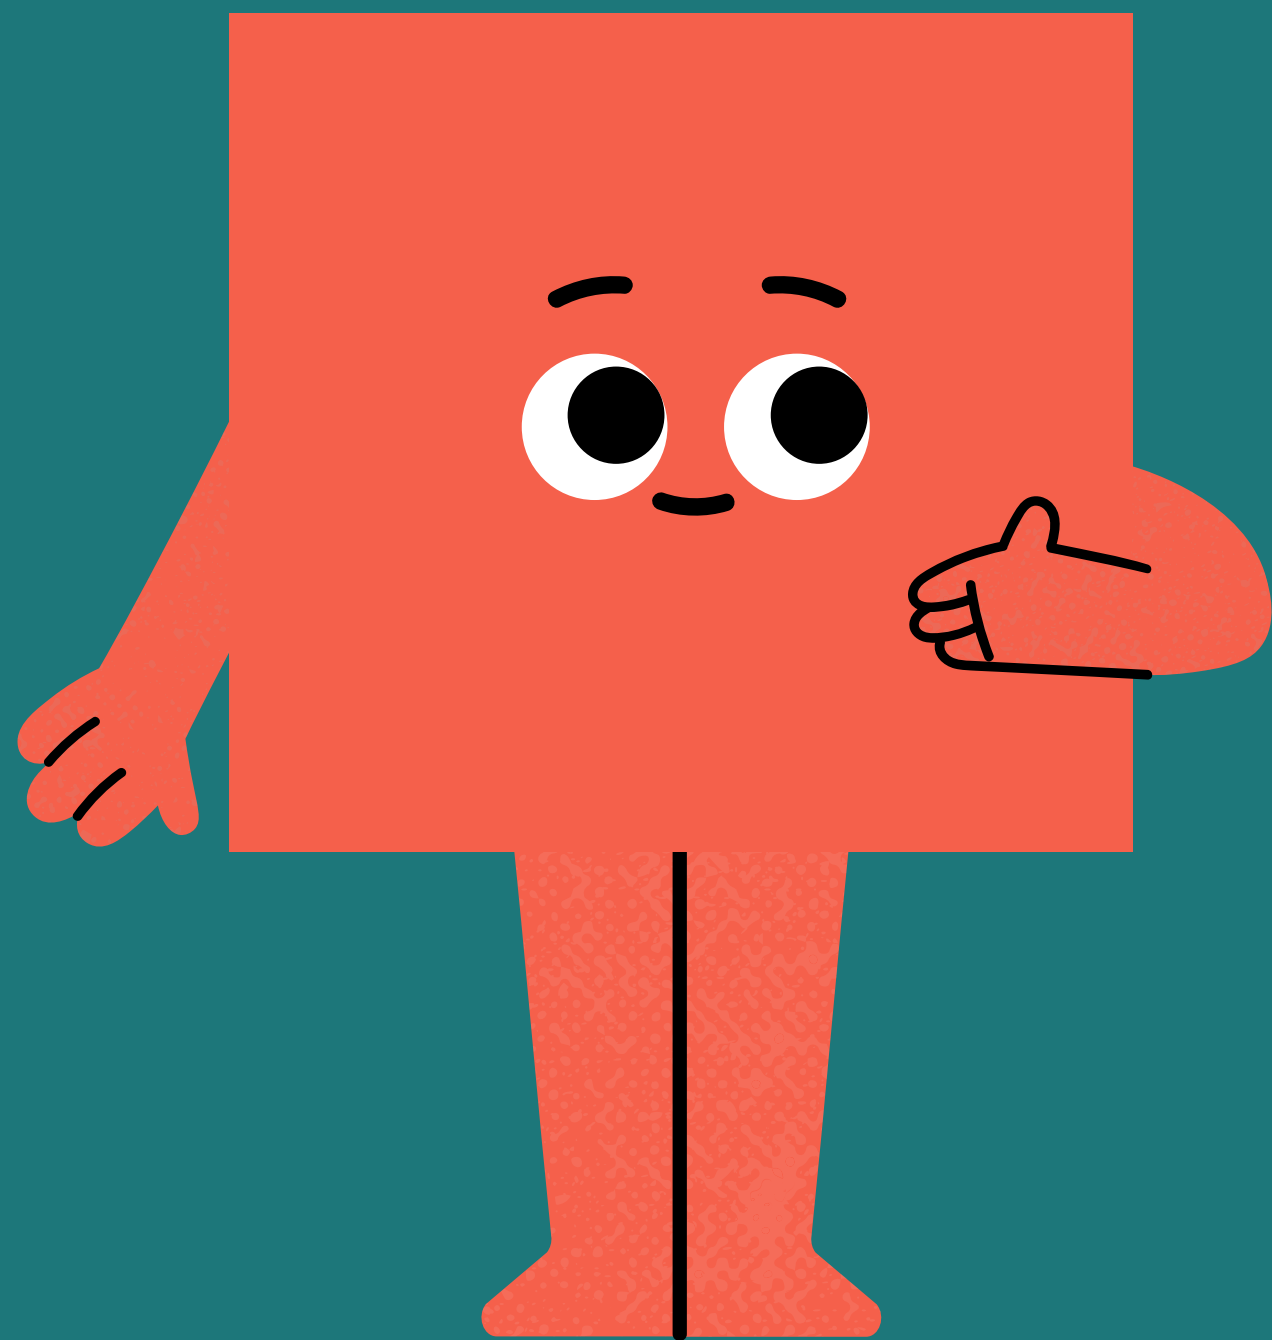

It is like a
watermelon
slice

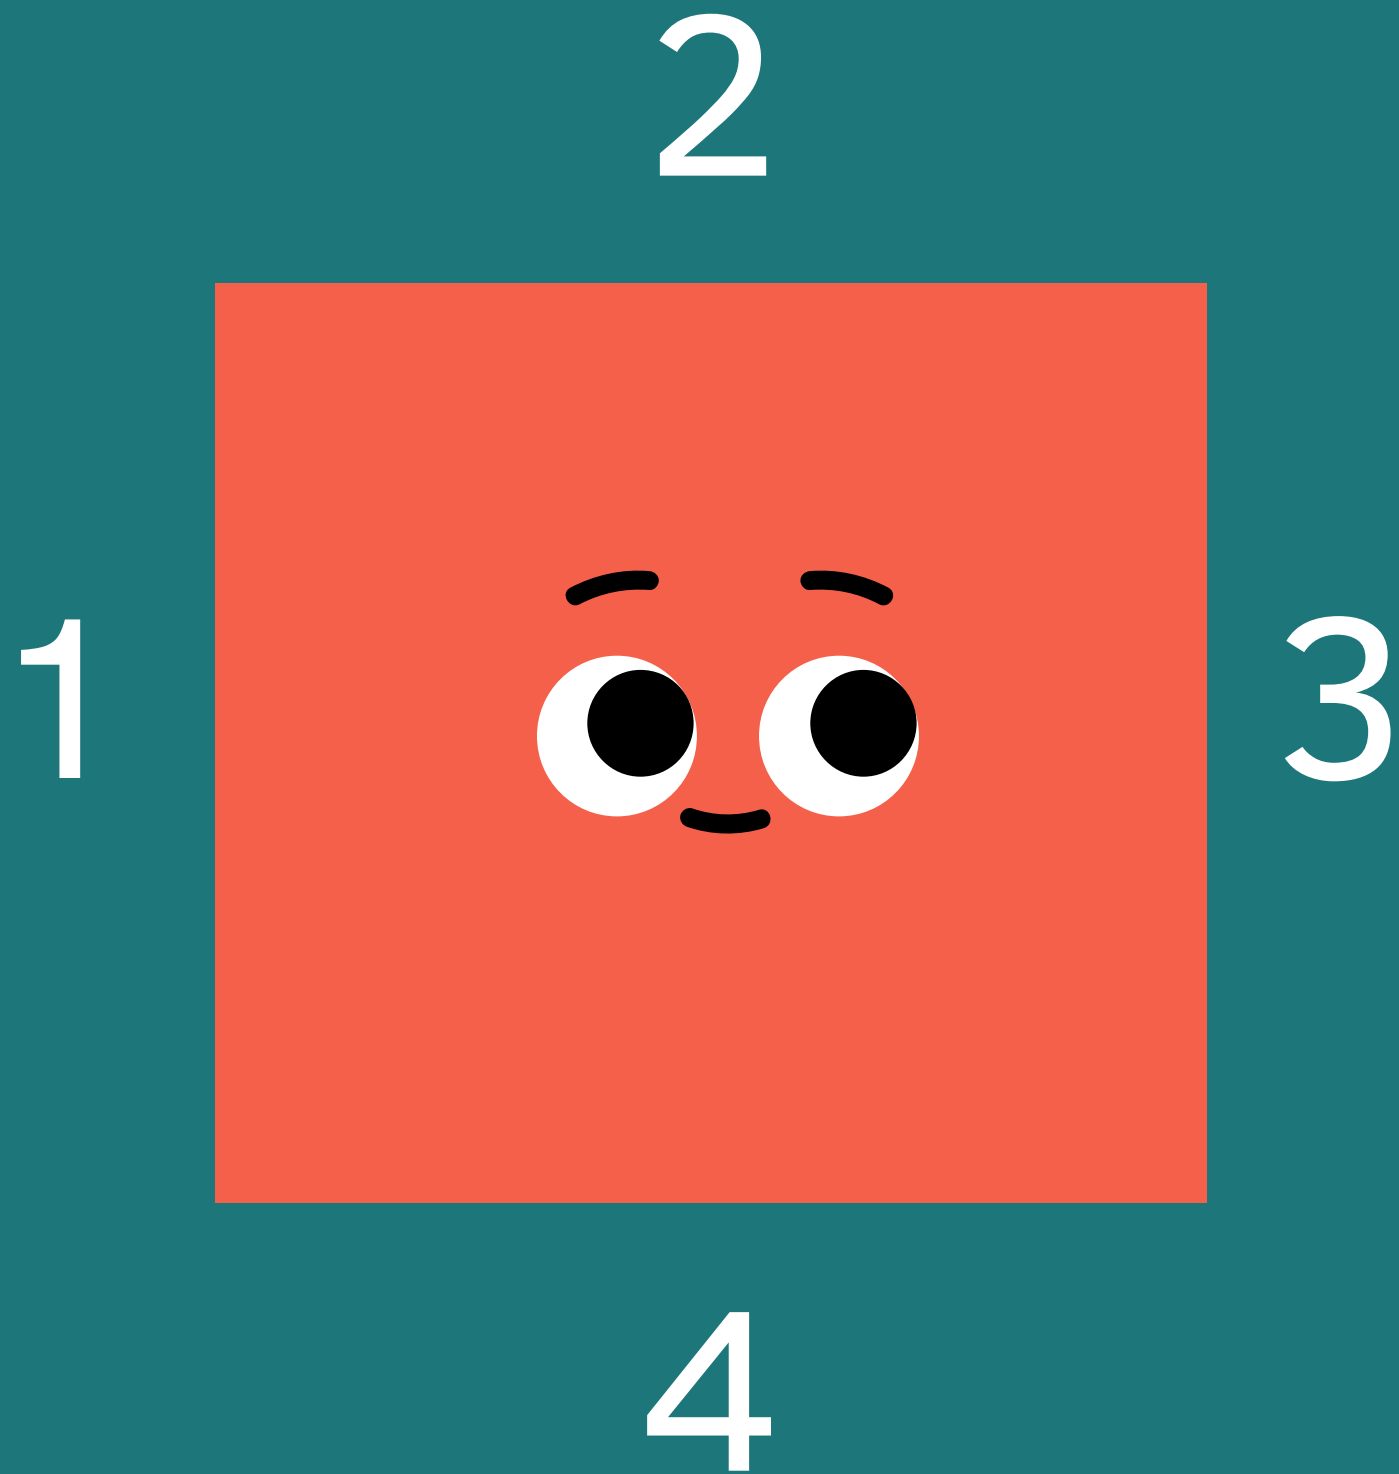

It is like
a hat

It is like an
ice cream
cone

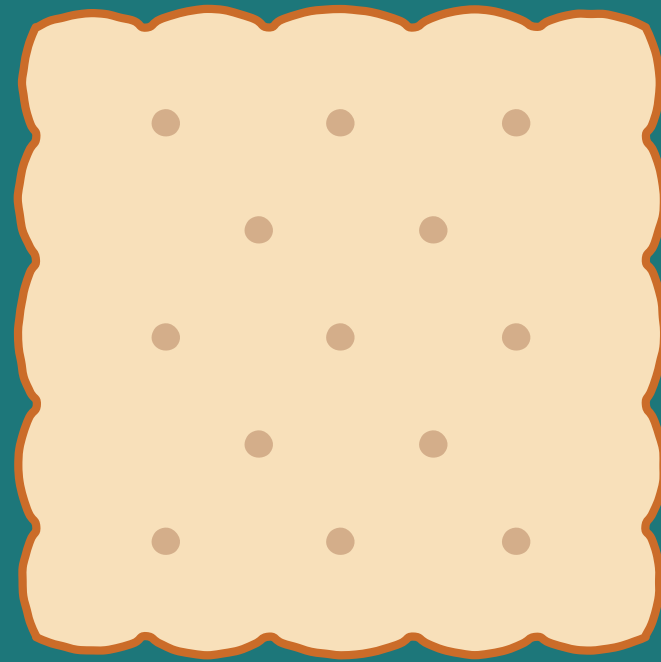

This is the
square

It has
four sides
They are
all the same

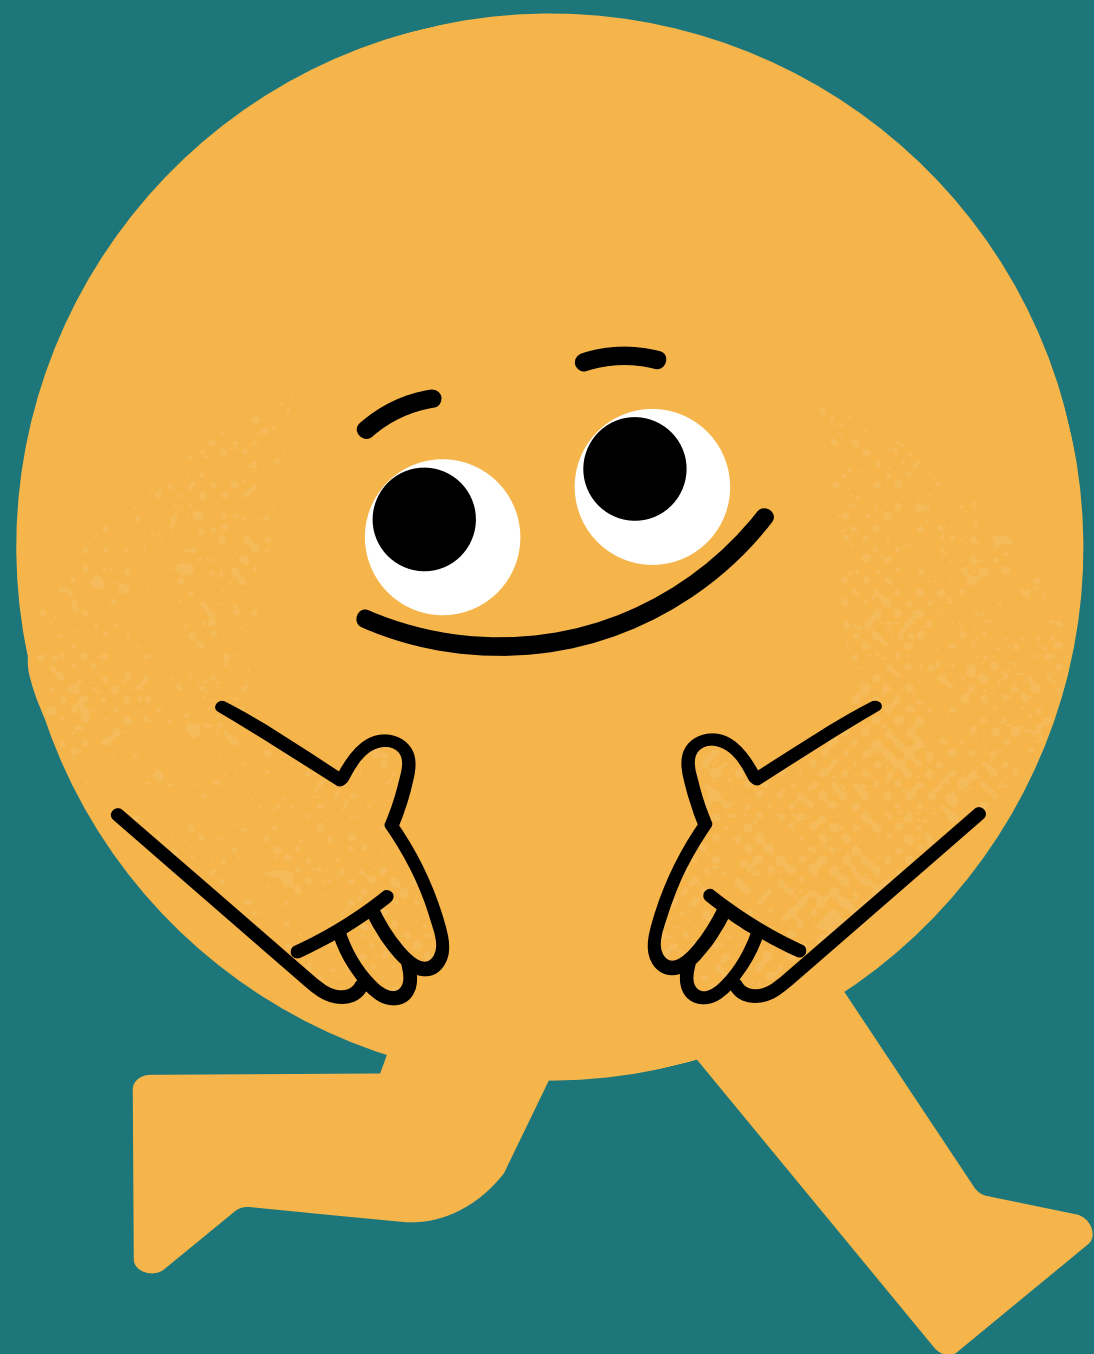

It is like a
present

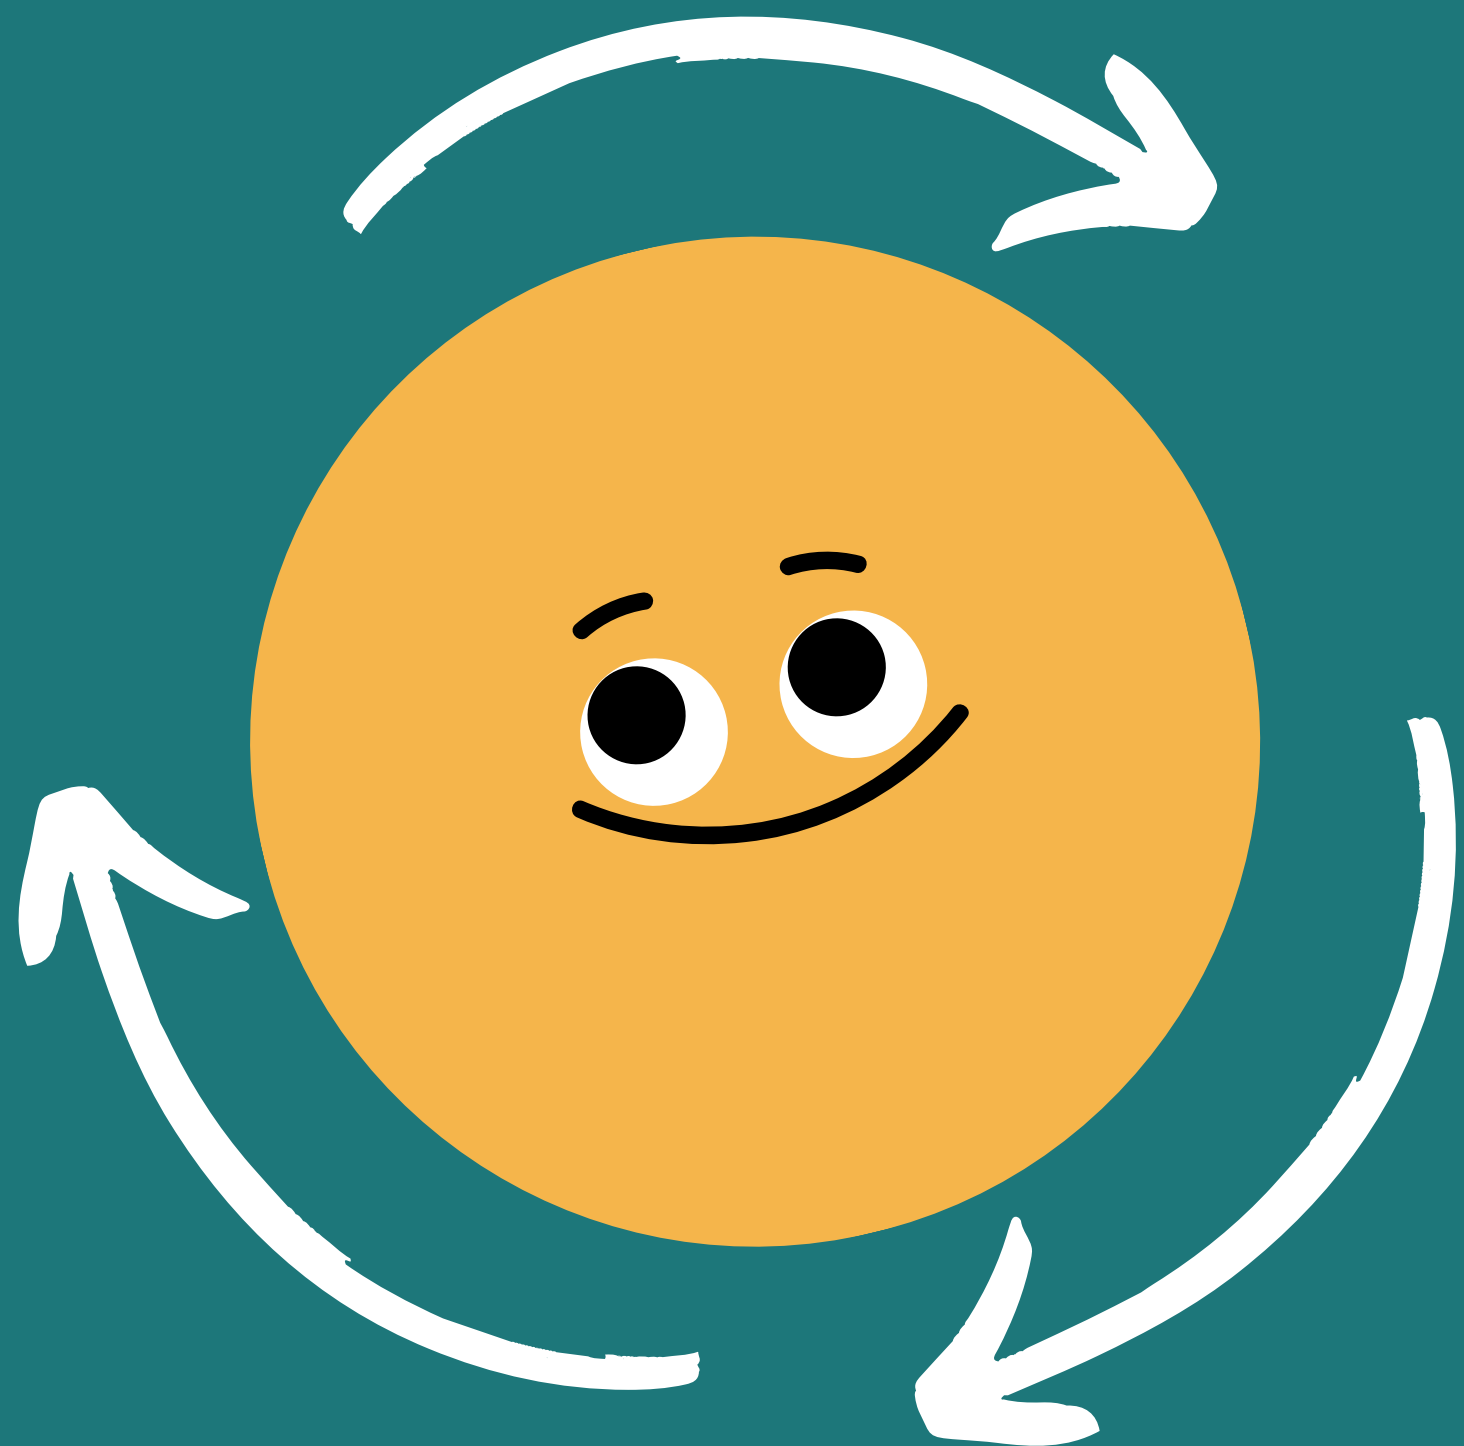

It is like a
cracker

It is like a
window

This is the
circle

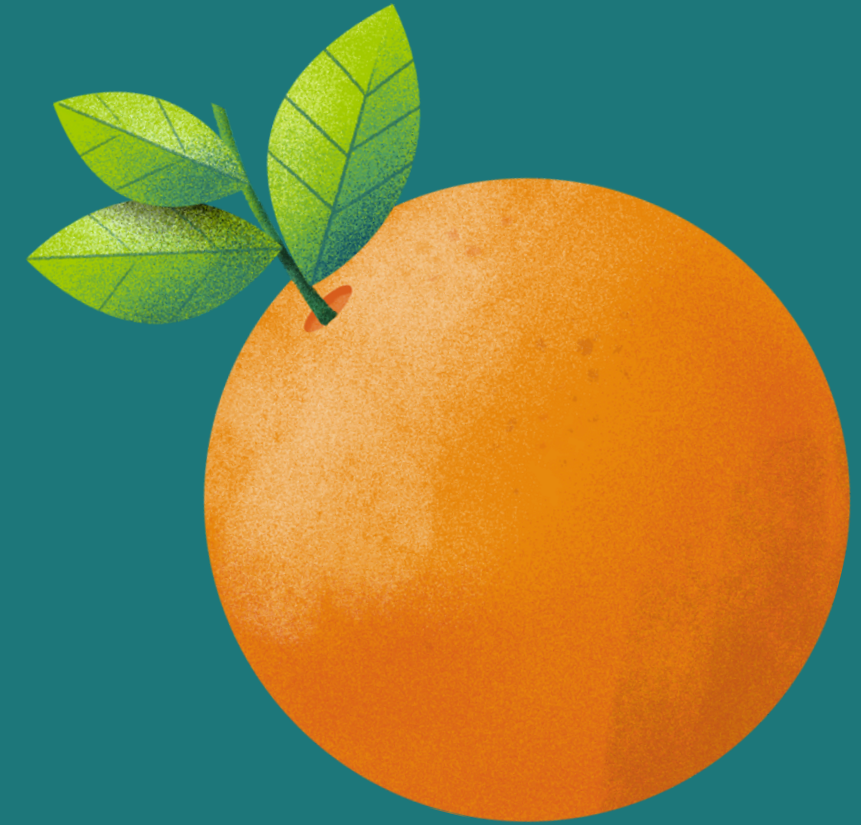

It rolls
around
and around

It is like
a ball

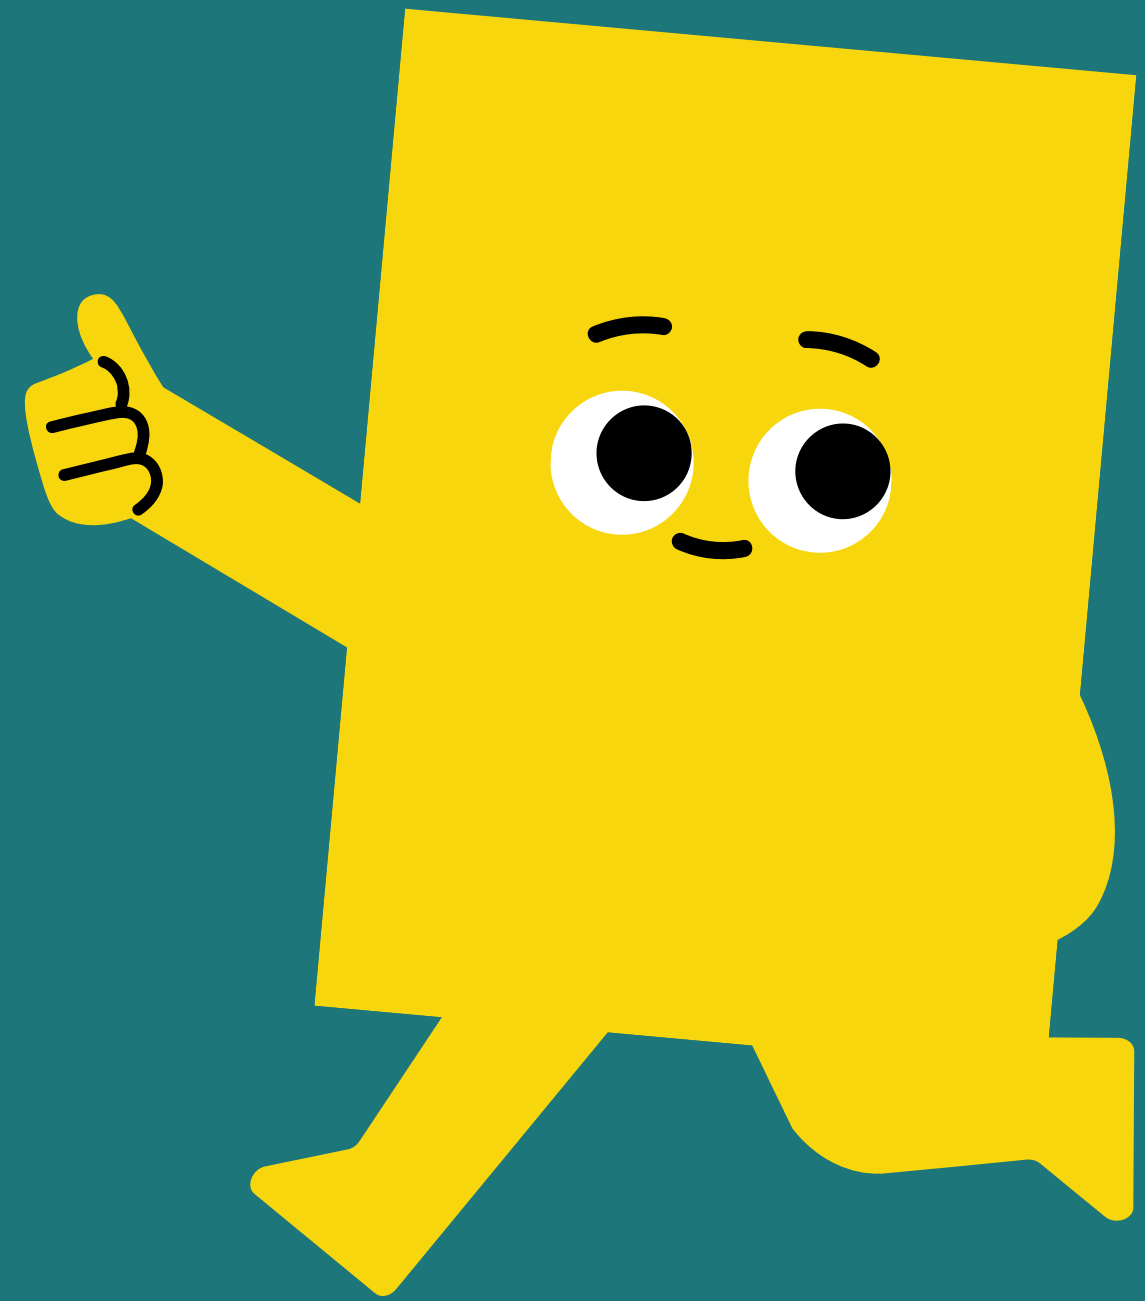

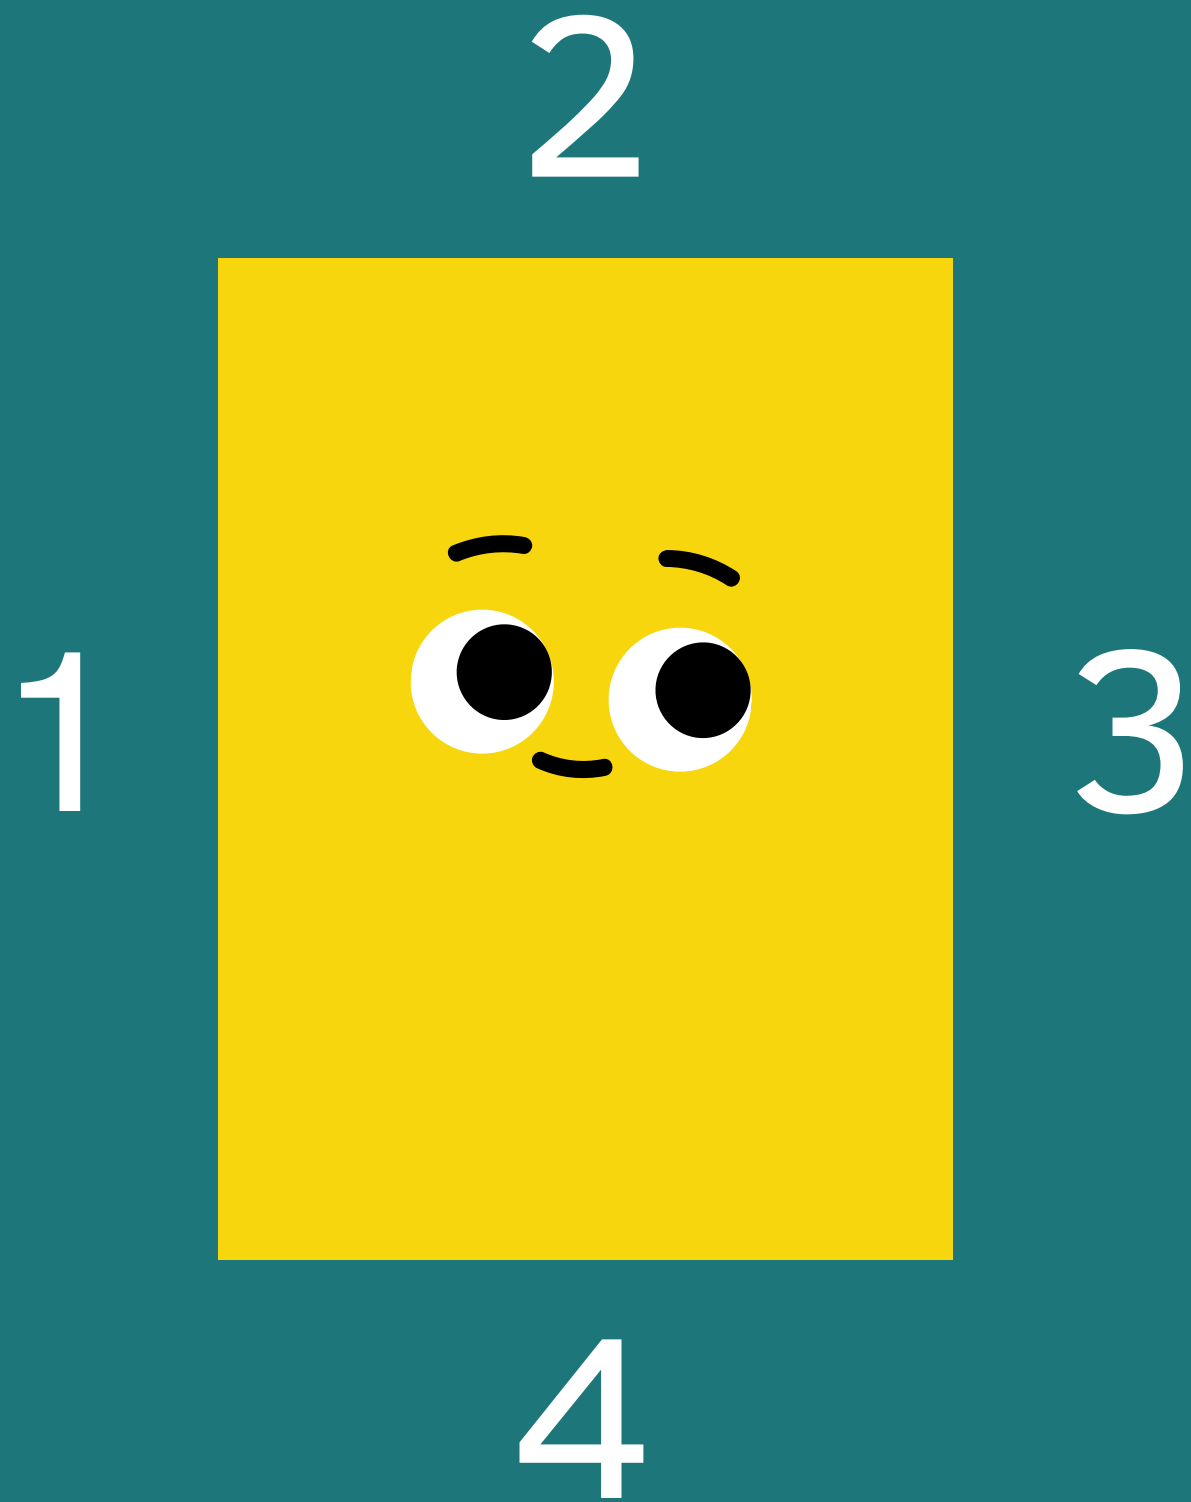

It is like
the sun

It is like
an orange

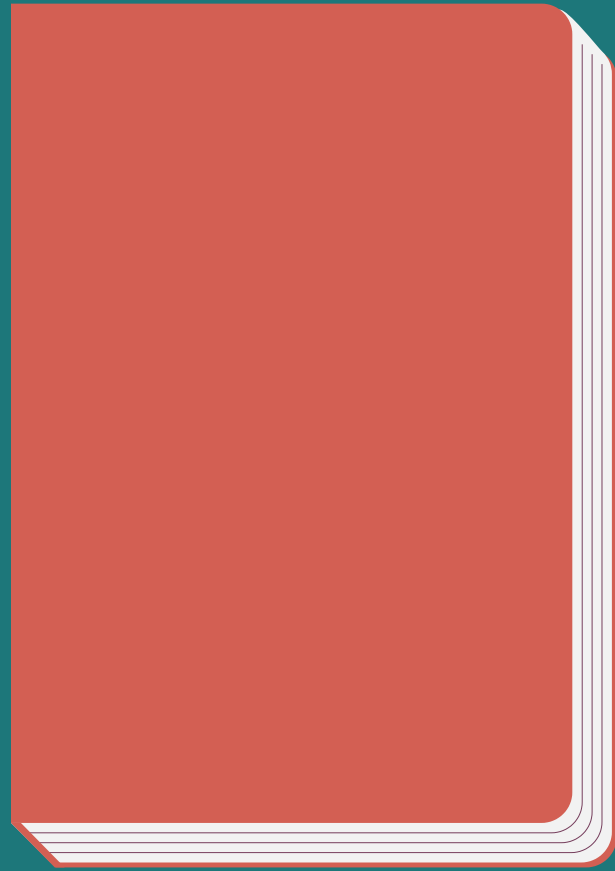

This is the
rectangle

It has
four sides.

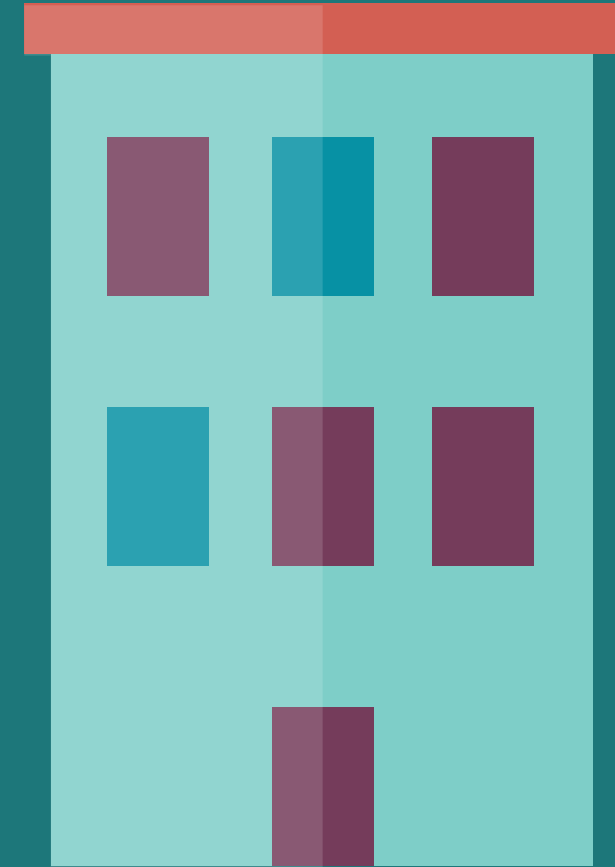

Two are long
and two are
short.

It is like
a book

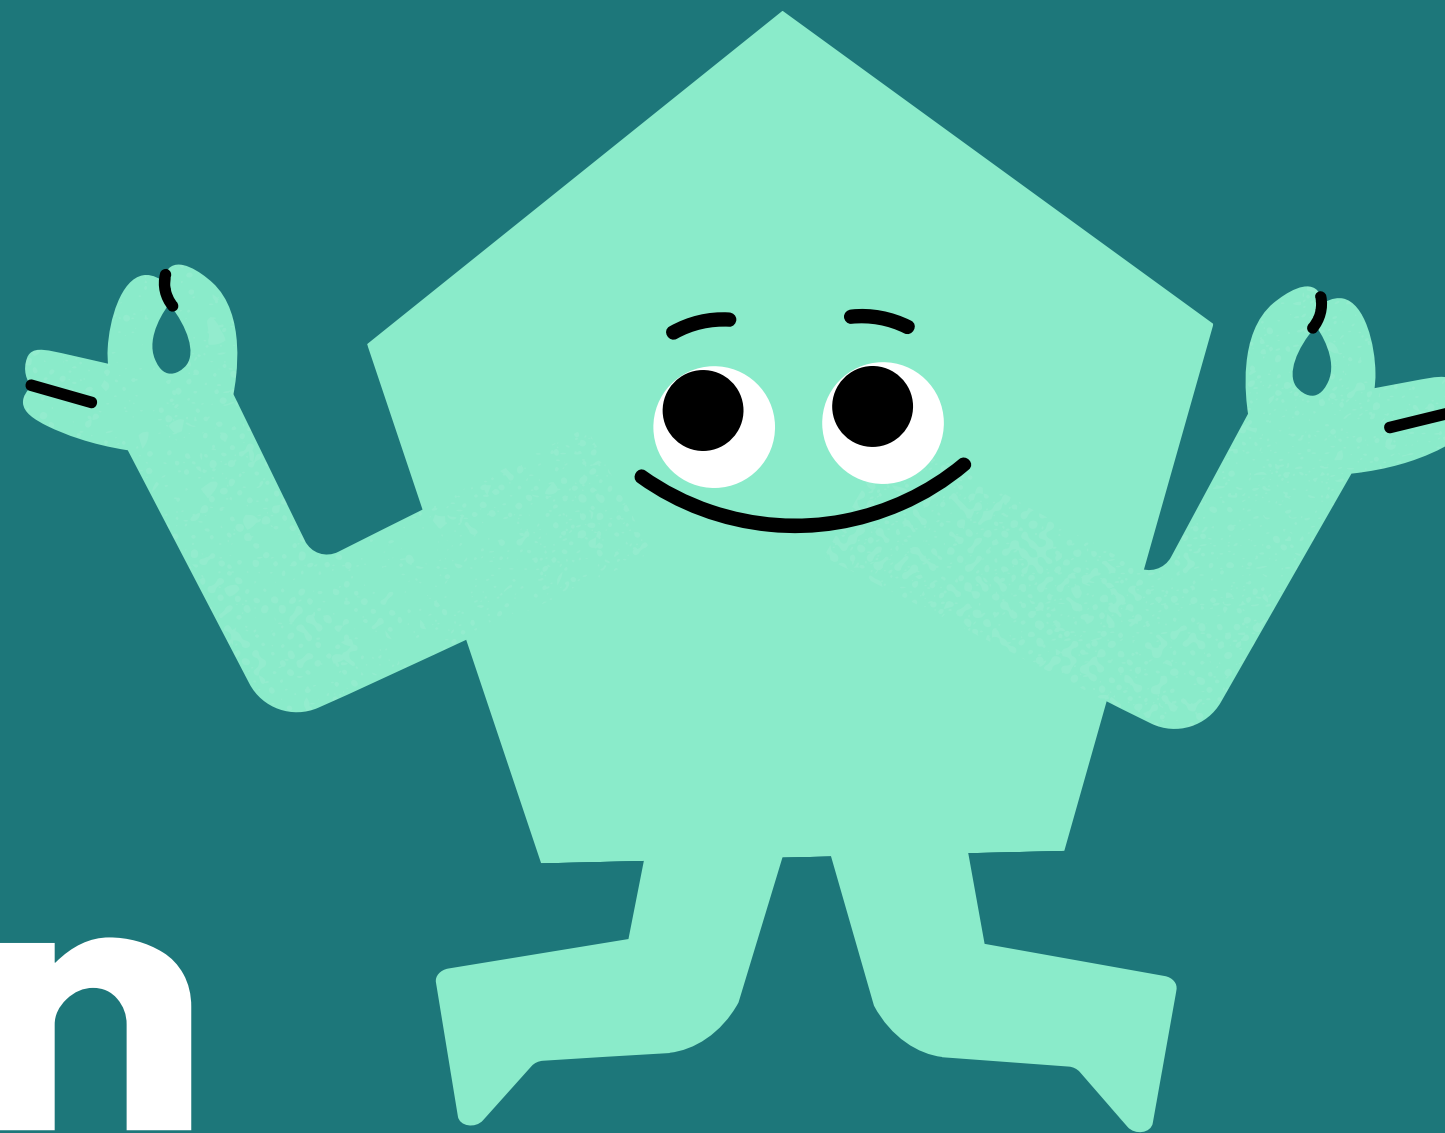

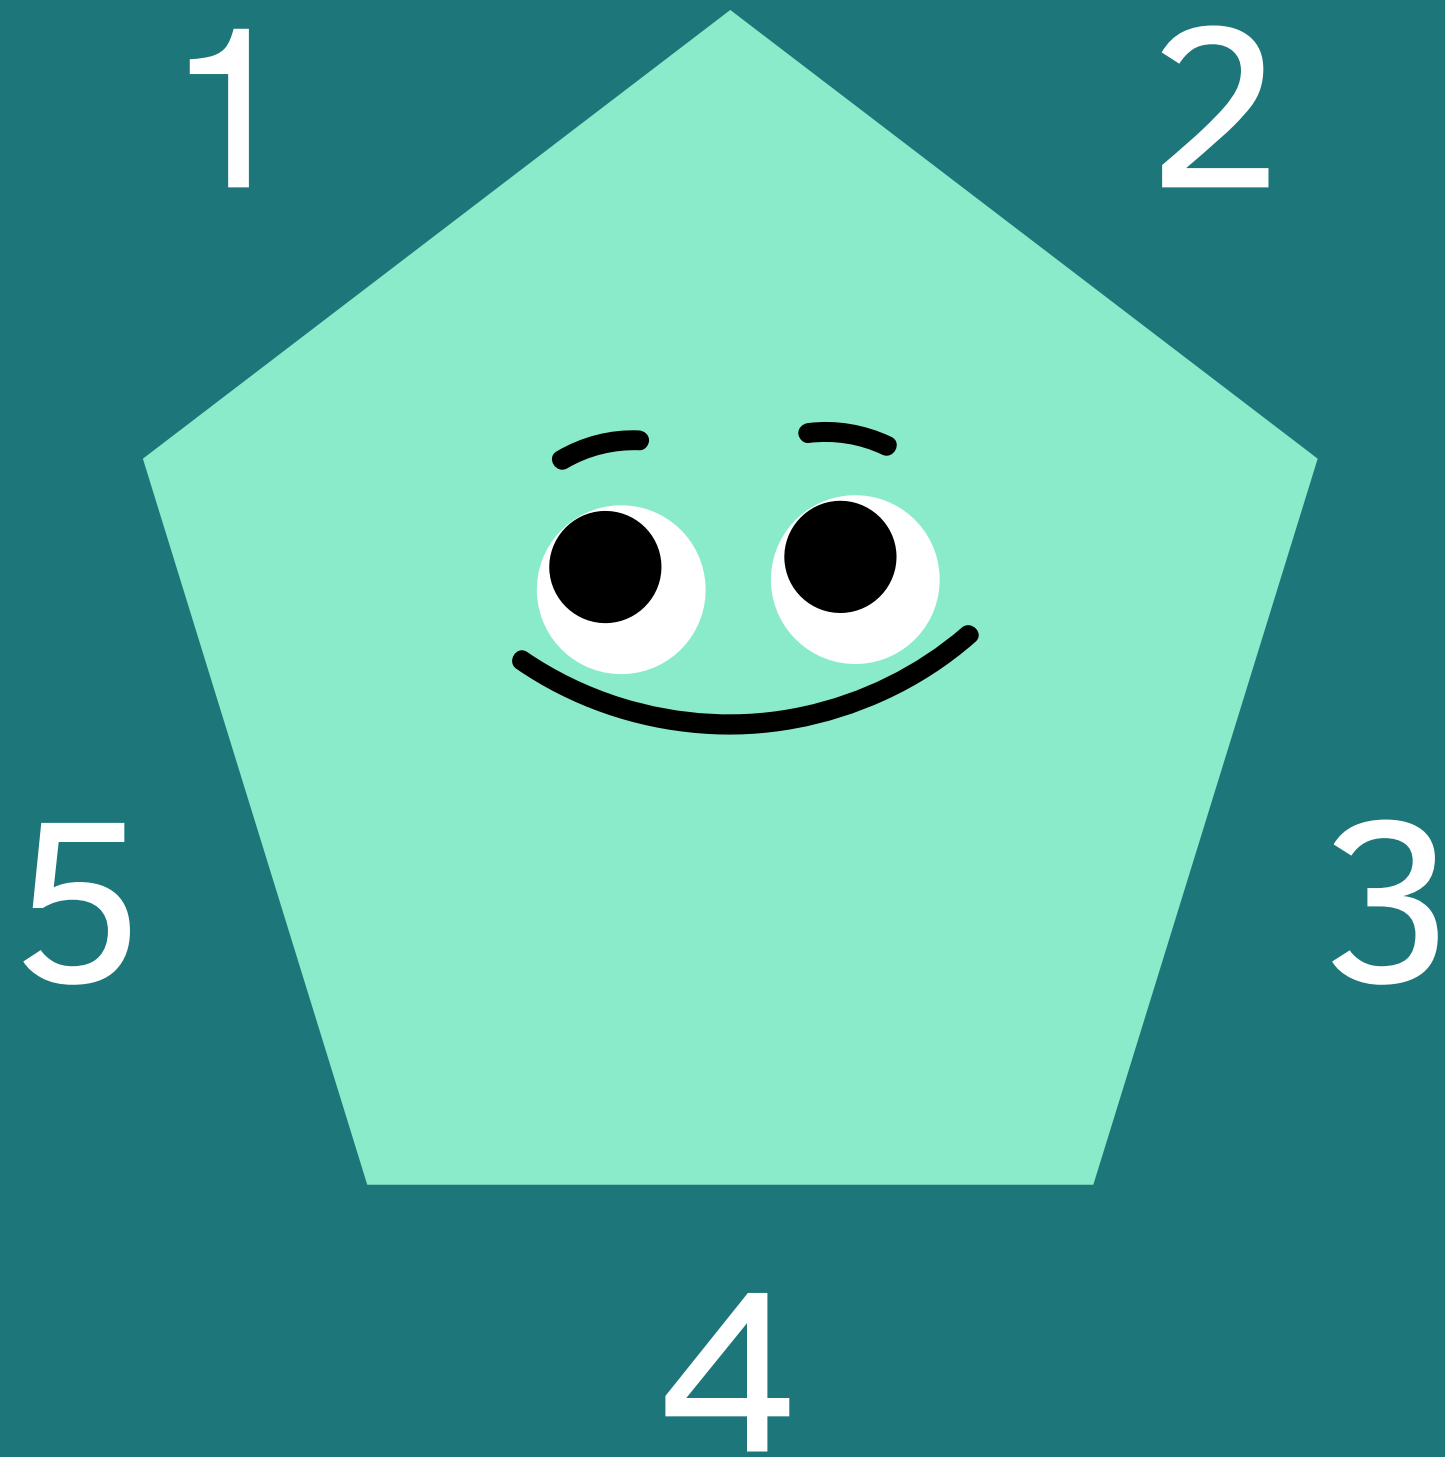

It is like
a door

It is like
a building

**This is the
pentagon**

It
has
five
sides

It is like
a house

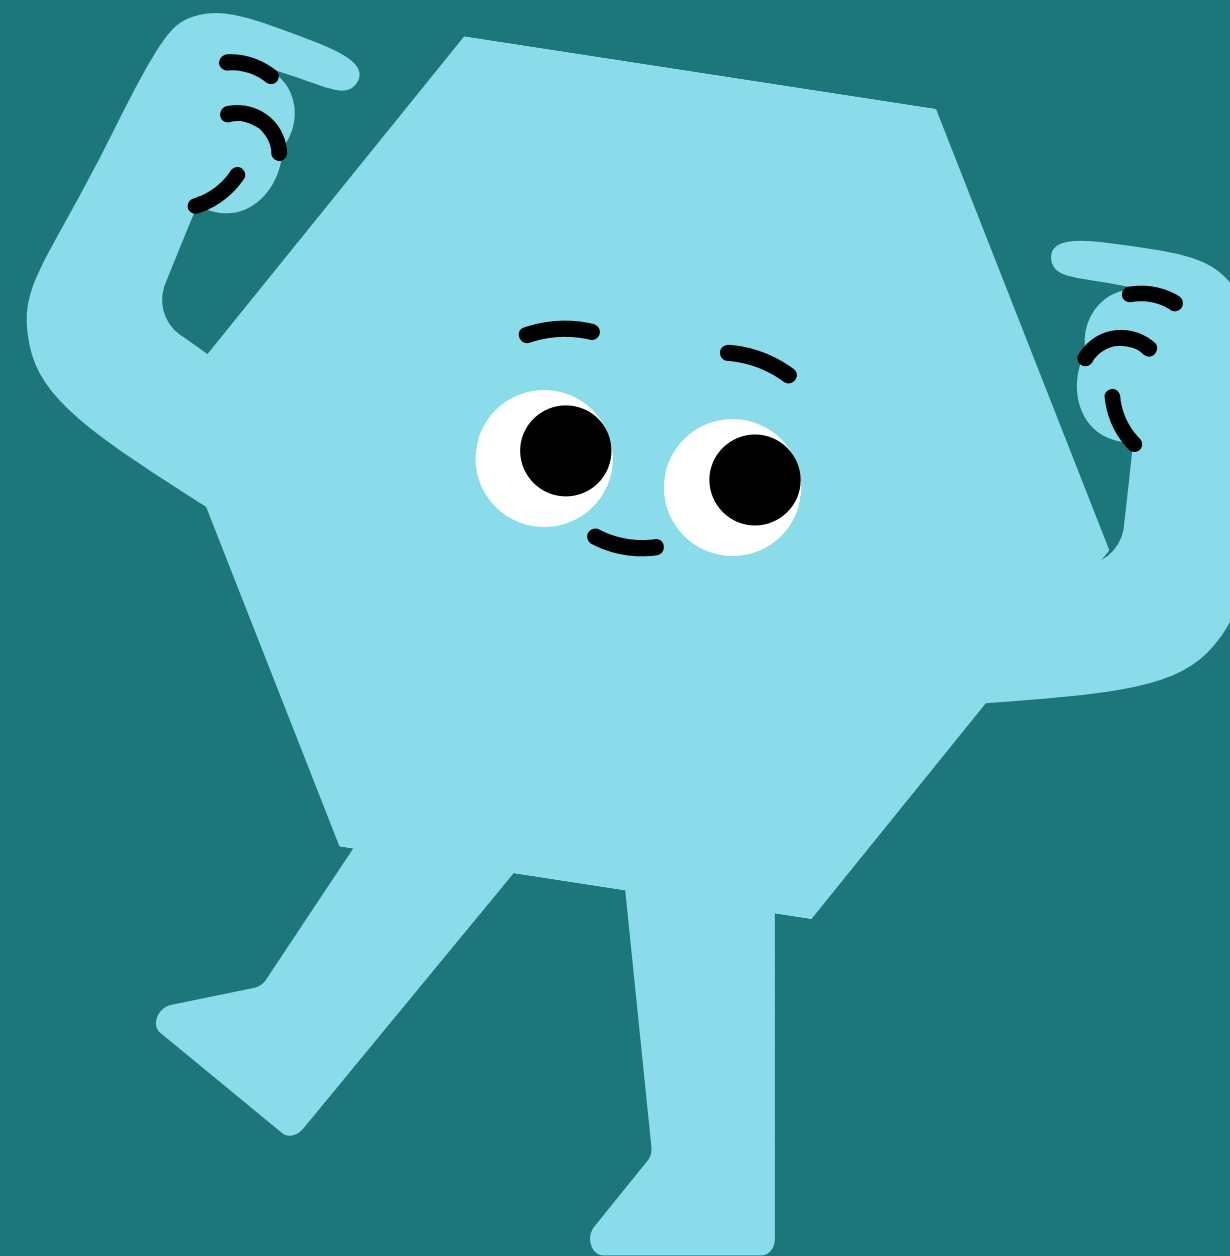

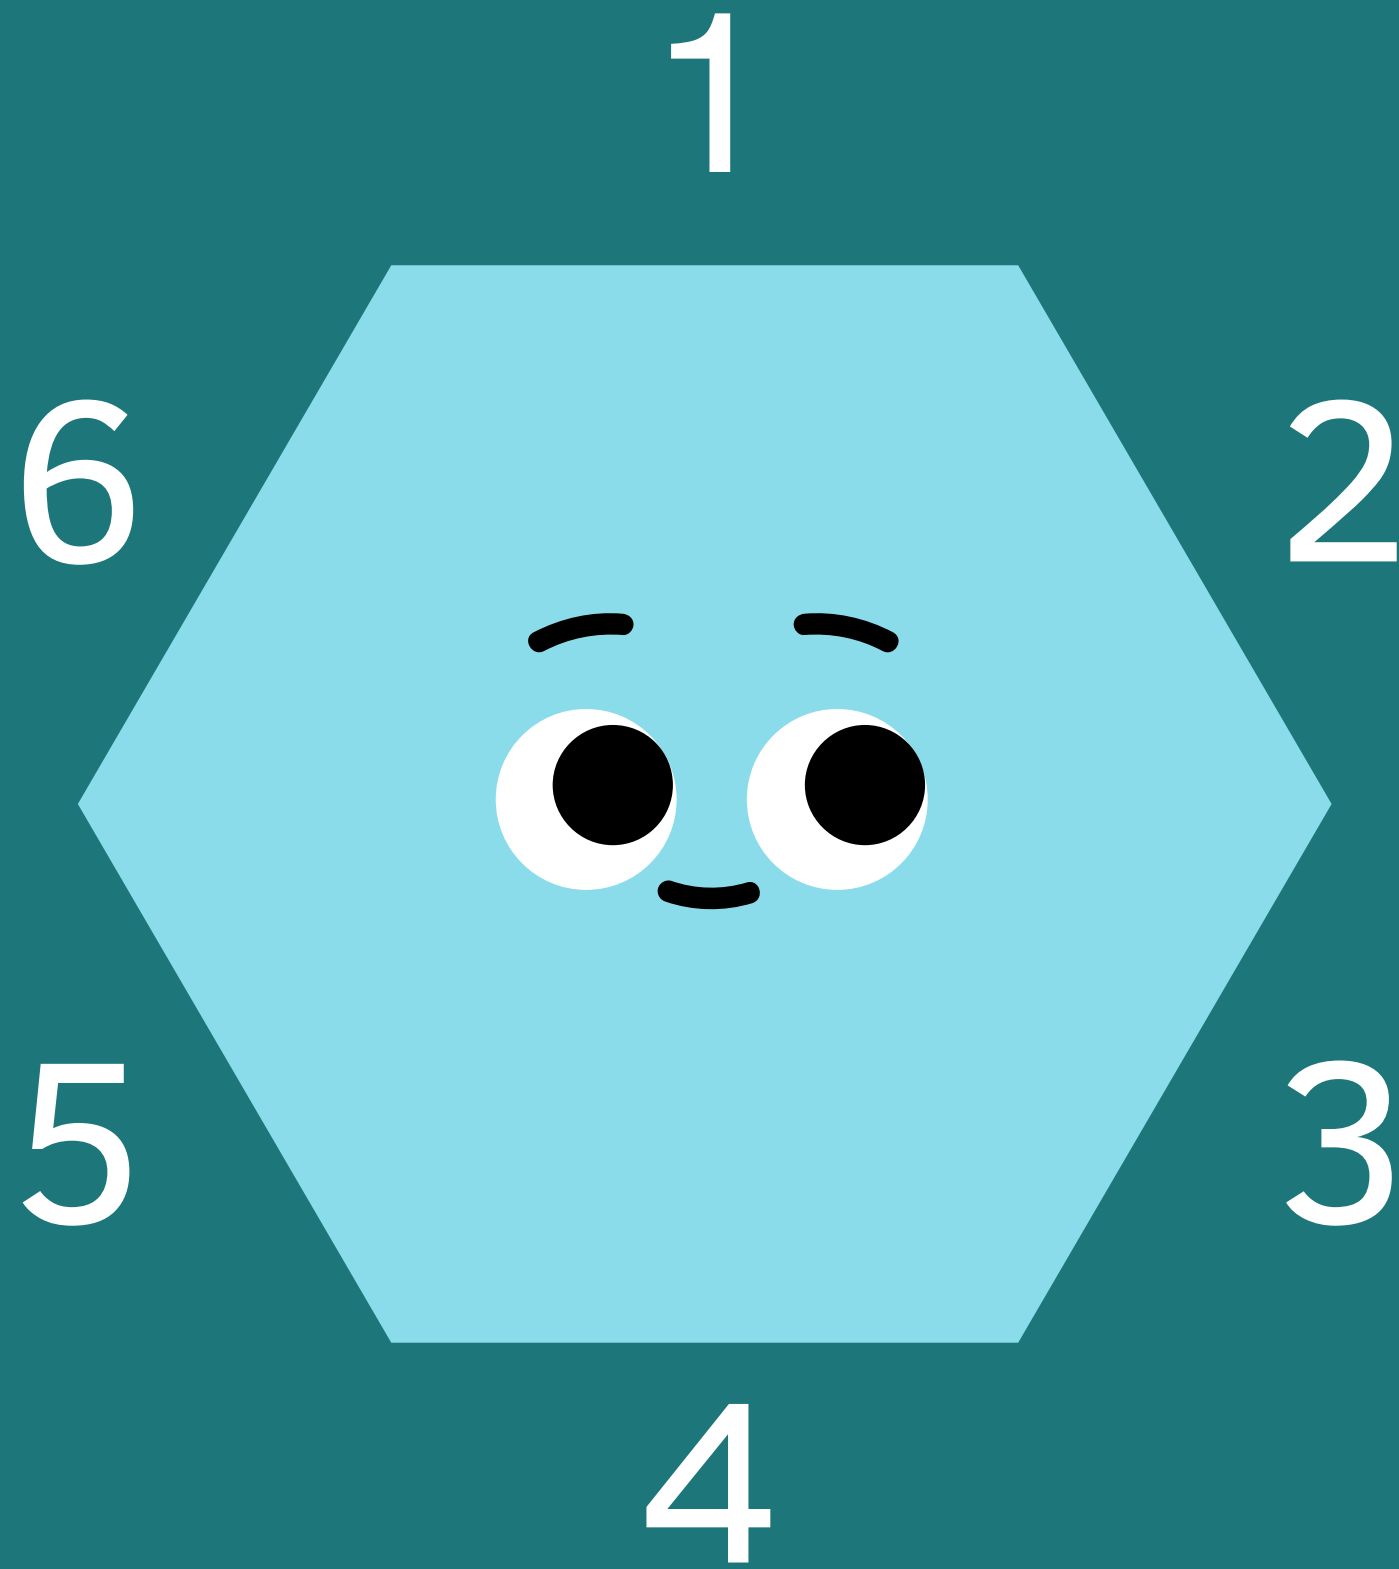

It is like a
circus tent

It is like
a carrousel

This is the
hexagon

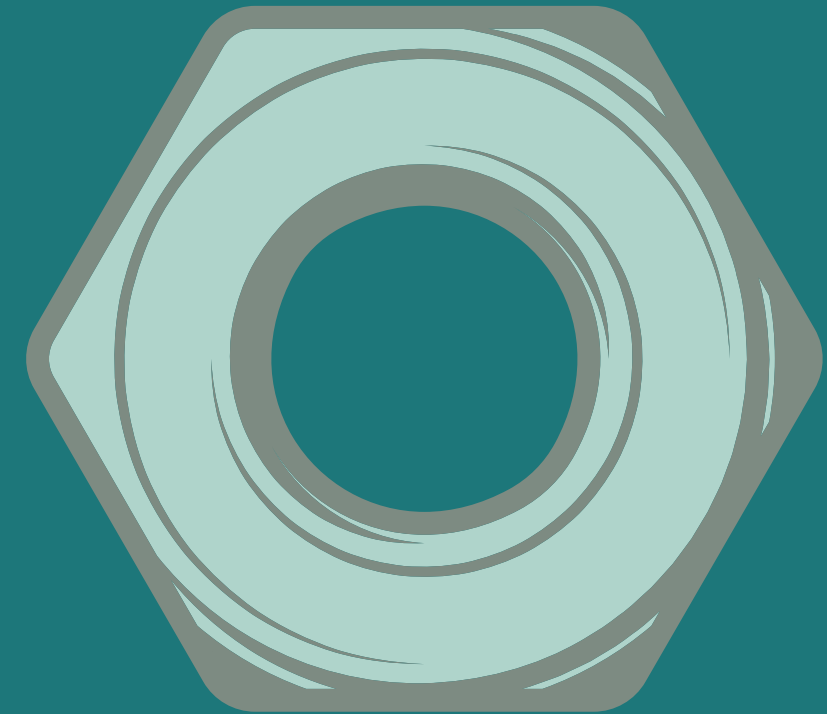

It
has
six
sides

It is like a
honeycomb

It is like a
snowflake

It is like
a nut

Now look around...
**What shapes
can you find?**
